# **Einkommenssteuer Tarif A** (Grundtarif)

## für alle nicht nach Tarif B steuerbaren Personen

ab Steuerperiode 2014

### Tarif A Einkommenssteuer

Der Einkommenssteuer-Tarif A (Grundtarif) ist anwendbar für:

- allein stehende Personen (sofern nicht wegen Unterhaltpflichten dem Tarif B unterstehend).

Von CHF 100.– bis CHF 200'000.–	► CHF 22.25 je CHF 100.–
Über CHF 200'000.–	► CHF 26.– je CHF 100.–

Restbeträge des steuerbaren Einkommens unter CHF 100.– fallen ausser Betracht.

### Steuerpflichtige Personen der Einwohnergemeinden

Der Kanton erhebt von den steuerpflichtigen Personen der Gemeinden Bettingen und Riehen nur 55 % der kantonalen Einkommenssteuer (soweit das Einkommen nicht aus Grundstücken stammt, die in der Stadt gelegen sind).

Die Gemeinden Bettingen und Riehen erheben von den in ihrem Gebiet domizilierten Personen eine kommunale Einkommenssteuer. Die Gemeindesteuer wird auf der Grundlage der kantonalen Einkommenssteuer und des kommunalen Steuerfusses berechnet.

In der Stadt Basel wohnhafte steuerpflichtige Personen entrichten (soweit sie nicht Eigentümer von in den Einwohnergemeinden gelegenen Grundstücken sind) keine kommunalen Steuern.

Der geschuldete Steuerbetrag wird durch Multiplikation des steuerbaren Einkommens mit dem Steuersatz berechnet. Das steuerbare Einkommen ermittelt sich aus dem effektiven Reineinkommen abzüglich der Steuerfreibeträge. Mit dem ab Steuerperiode 2008 geltenden neuen Tarifsystem sind hohe Sozialabzüge eingeführt worden, welche die Steuerprogression steuern und das existenznotwendige Einkommen von der Besteuerung befreien. Die Steuersätze dürfen deshalb nicht mit der effektiven Belastung des Reineinkommens gleichgesetzt werden.

# Einkommenssteuer Tarif B

## für in ungetrennter Ehe lebende Personen und Einelternfamilien

ab Steuerperiode 2014

### Tarif B Einkommenssteuer

Der Einkommenssteuer-Tarif B ist anwendbar für:

- verheiratete Personen (in rechtlich und tatsächlich ungetrennter Ehe lebend);
- allein stehende Personen, die mit Kindern oder unterstützungsbedürftigen Personen im gleichen Haushalt leben und deren Unterhalt zur Hauptsache bestreiten.

Von CHF 100.– bis CHF 400'000.–	► CHF 22.25 je CHF 100.–
Über CHF 400'000.–	► CHF 26.– je CHF 100.–

Restbeträge des steuerbaren Einkommens unter CHF 100.– fallen ausser Betracht.

### Steuerpflichtige Personen der Einwohnergemeinden

Der Kanton erhebt von den steuerpflichtigen Personen der Gemeinden Bettingen und Riehen nur 55 % der kantonalen Einkommenssteuer (soweit das Einkommen nicht aus Grundstücken stammt, die in der Stadt gelegen sind).

Die Gemeinden Bettingen und Riehen erheben von den in ihrem Gebiet domizilierten Personen eine kommunale Einkommenssteuer. Die Gemeindesteuer wird auf der Grundlage der kantonalen Einkommenssteuer und des kommunalen Steuerfusses berechnet.

In der Stadt Basel wohnhafte steuerpflichtige Personen entrichten (soweit sie nicht Eigentümer von in den Einwohnergemeinden gelegenen Grundstücken sind) keine kommunalen Steuern.

Der geschuldete Steuerbetrag wird durch Multiplikation des steuerbaren Einkommens mit dem Steuersatz berechnet. Das steuerbare Einkommen ermittelt sich aus dem effektiven Reineinkommen abzüglich der Steuerfreibeträge. Mit dem ab Steuerperiode 2008 geltenden neuen Tarifsystem sind hohe Sozialabzüge eingeführt worden, welche die Steuerprogression steuern und das existenznotwendige Einkommen von der Besteuerung befreien. Die Steuersätze dürfen deshalb nicht mit der effektiven Belastung des Reineinkommens gleichgesetzt werden.
